HELEN DEITRIECH, BROKER ASSOCIATE
Professional Real Estate Services For You

We can assist you in the purchase or sale of a property in any of the coastal communities of Estero Island (Ft. Myers Beach), Bonita Beach, Sanibel/Captiva Islands, Vanderbilt Beach, Marco Island and Naples.

We are constantly studying the movements of our local market and how it is affected by the national housing trends, the stock market and media influences. We merge this and other traditional factors with our knowledge base of first-hand experience in real estate development, home building & remodeling and investment portfolio planning to provide you with professional guidance that can translate into well founded buying and selling decisions.
